

ROUTE around LAKE (please drive carefully)

Due to problems in previous years, a **ONE WAY** traffic control system will be in operation at Lake side this year, from **Wed 25th until Sat 28th June 2008**. There will be **NO ENTRY** to Lake from the Doctors Surgery car park entrance on Princess Avenue, which is just past the Auto Palace. Access will be from Grosvenor Road. It will be well signed.

Parking will **ONLY** be permitted on the wood side of the road **NOT** on the side next to the Lake itself.

Also please note that no heavy vehicles, ie, larger than a **FORD TRANSIT** type van will be allowed on the Lake side common, due to damage caused in previous years. This rule does not apply to pre-arranged with the committee, trade vehicles.

If you do have to park on the road do not obstruct the pavements with your awnings, parked motor-cycles, tables and chairs etc. insure that pedestrians are not inconvenienced or intimidated.

Please see map below for diversions and directions.
